We Are Grateful

Rewards & Recognition
November 10, 2023

Grateful

As part of our *Rewards and Recognition Quarterly Celebration*, we asked everyone to share what they are most grateful for.

Their responses were gathered and shared on our learning system.

Here are just a few...

I am grateful...

- for all of those who came before me and fought for the freedoms I have today. I am grateful for a family that is supportive and strong.”
- for family.”
- for not having gotten married earlier in life as I wouldn't have the family I have today.”
- for getting through this past year after losing everything I own in a house fire, grateful to be alive, grateful to all my friends and family for helping me through the difficult times.”
- for every day I see kindness spread amongst staff here at PHMV. It's becoming too far and in between people are actually nice to one another.”

I am grateful...

- for the life that I have completely. I have a wonderful husband, a cute little munchkin of a pup, supportive and loving parents and in-laws, a good job, a nice house, amazing friends, a caring work family and faith building church family. What more could a person ask for. I am always thankful!”
- for LIFE'S CHALLENGES...they have helped me grow and become the person that I am today!”
- that I am able to retire in January after 46 years at our hospital and have made friends for life here. I am honored to have worked with such great people that hold a special place in my heart.”

I am grateful...

- for my faith shared with me by my parents.”
- for my children and grandchildren.”
- for my job and a kind team to work with.”
- to live in the US even with all of its issues right now.”
- that we have been given the opportunity to keep our community hospital.”
- for each day we get another opportunity to contribute and make a difference in whatever way we can.”
- for my children. They have given me joy, shown me humility and blessed me as a mother.”

I am grateful...

- for the strides and advancements in modern medicine. Also to all the caring and generous donors that help fund the research for these advancements. Every new day is a blessing and a new opportunity to be a better person than you were yesterday.”
- to be here at PHMV helping make a difference in the lives of our community.”
- for the many blessings that I have received throughout my lifetime: My husband, my family, my job, my co-workers, my health, etc. And I am very lucky that I haven't seen the devastation of war that some countries are facing at this time. I am very grateful for those who serve our country everyday so we can enjoy this freedom.”

Grateful

A variety of candy and apple cider were provided to staff in the cafeteria

Grateful

Congratulations to our **Cardiology Department**
for Overall Highest Score !

Grateful

Congratulations to our *Progressive Care Unit*
for Most Improved Score!
